

Congratulations!

You've signed up to raise funds for Nemours! You're probably thinking "**Now what?**"

Here are some tips for putting your team together and raising money:

The more the merrier! | There is no limit to a team size. Regardless of the size of your team, your minimum team goal is the same, \$XXXX.

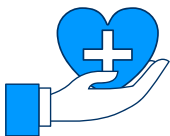

Get the word out! | Use your email contacts, fellow club members, bowling teammates, bridge partners, colleagues, or church members to build your team. Did you know that you can import your email address book in the fundraising center when you log into the event?

Share Your Team URL | After you have registered your team, make sure you and ALL your teammates send your team URL to EVERYONE you can. That means all of your email contacts, Facebook friends, LinkedIn colleagues, Twitter followers, Instagram followers...EVERYONE and ask them to support your team with a donation. It will take an average of five contacts to generate one donation. Don't worry if your list overlaps with your teammates; when they see how many people are involved they might join your team in addition to making a donation!

Stay in touch with your teammates | Keep them informed via email of new members, new money raised, etc. This is also a great motivator for the less than enthusiastic. Challenge Bill and Susan to raise as much money as Frank and Jennifer. Getting called out can be a wonderful motivator!

Matching Gifts | Ask your employer to match any funds your team raises... hey, you never know. To remove the guess work out of it, use our [matching gift lookup tool](#).

Get started now! | The longer you wait the harder it will be to raise the cash you need to get to your goal.
